REGULATIONS FOR COMPETITIVE EXHIBITS

Exhibitors

- 1. Eligibility of competitors** - Subject to the conditions laid down elsewhere in the Schedule, the competitive classes are open to all whether Members of the Society or not. On all questions regarding the eligibility of a competitor, the decision of the RHS Council shall be final.
Class 2 in the Summer Fruit and Vegetable competition from 17 to 21 July and Class 82 in the Autumn Fruit and Vegetable competition from 4 to 6 October are open to Affiliated Societies and the whole of each Society's exhibit must have been grown by members of that Society.
- 2. Definition of "Amateur"** - An amateur is a person who, not being a professional, either personally or with unpaid or paid assistance maintains a garden or grows plants, flowers, fruit or vegetables for pleasure and enjoyment and not for livelihood. (It is permissible for an amateur to sell surplus fruit and/or vegetables and/or other horticultural produce, provided that he/she maintains the garden primarily for the pleasure and enjoyment of his/her household and not for their livelihood).
- 3. Definition of "Professional"** - A professional is a person who gains his/her livelihood by growing horticultural plants, flowers, fruit or vegetables for sale or for an employer or anyone employed in the maintenance of a garden, pleasure ground or park.

Entries and Exhibits

- 4. Exhibits must be the property of the competitor** - All specimens exhibited in competition for prizes must be the *bona fide* property of the competitor and must have been grown from seed by the exhibitor or have been in his/her possession or cared for by him/her for at least two months prior to the date of the show. Any prize obtained contrary to this regulation will be forfeited.
In order to be satisfied that the conditions governing competitive exhibits are fulfilled, the RHS Council reserves the right to visit by commission, before or after any competition, gardens from which fruit or vegetables have been entered for competition.
- 5. Acceptance of entries** - The RHS Council reserves the right to authorise its Competitions Manager to refuse any entry and, in the event of any such refusal, is not required to give a reason or explanation for so doing.
- 6. Entry fees** - There are no entry fees.
- 7. Last date for submission of entries** - Summer Fruit and Vegetable Competition: Tuesday 9 July. Autumn Fruit and Vegetable Competition: Friday 27 September. Late Fruit and Vegetable Competition: Thursday 10 October. Late entries may be accepted at the discretion of the show secretary.
- 8. Entry forms** - All entries should be made on the official entry forms.
- 9. Number of entries allowed**
Vegetables: An exhibitor may not enter or stage more than one exhibit in any one class, except in those for 'Any other vegetable'.
Fruit: In all single dish fruit classes, other than those for a single named cultivar, a competitor may enter and stage any number of exhibits provided that each entry is a different cultivar from his/her other entries in the class.

Meanings and Definitions

10. **The meaning of 'dish'** - The word 'dish' means a specified number or quantity of a fruit or vegetable constituting one item which may be displayed on a table or on a stand or on a receptacle of any material and of any shape. Each 'dish' must consist of one cultivar only. Unless otherwise specified, a 'dish' is held to consist of the number of specimens shown in the tables on pages 15 to 18.
11. **The meaning of 'kind' and 'cultivar' (variety)** - Throughout the Schedule the words 'kind' and 'cultivar' (variety) are used in the following sense: peaches, nectarines, apples and plums are 'kinds' of fruit; peas and potatoes are 'kinds' of vegetable; Avalon Pride, Peregrine and Rochester are 'cultivars' (varieties) of peach; Show Perfection and Hurst Greenshaft are 'cultivars' (varieties) of pea.
12. **The classification of cherries** - For the purpose of this Schedule a 'sour' cherry means an Amarelle, Morello, or cultivar of the Duke class, the following being the principal cultivars: Archduke, Flemish, Kentish Red, May Duke, Montmorency, Morello, Nabella, Olivert.
13. **The classification of gooseberries** - A classification list is shown for the guidance of competitors on page 9. If a cultivar is not listed, competitors should consult the steward at the show on the morning of the competition before judging or the Fruit Advisor, RHS Garden Wisley beforehand.
14. **The classification of dessert and cooking cultivars of fruit** – Apples, pears and plums must be shown as dessert or cooking cultivars in accordance with the classified list printed in this Schedule. Although certain specified cultivars may be shown as both dessert and cooking cultivars, no collection may contain any cultivar shown as both a dessert and a cooking cultivar.
15. **Collection classes – colour forms** - No exhibit may contain more than one colour form of any one cultivar of apple e.g. Ellison's Orange and Red Ellison may not both be included in a collection.
16. **Size of dessert and cooking apples** (see pages 10 to 12)
Dessert apples. Fruits of an average sized cultivar should not exceed 75mm in diameter, a slightly larger size is acceptable in the following inherently large cultivars: Belle de Boskoop, Blenheim Orange, Charles Ross, Crispin (syn. Mutsu), Gascoynes's Scarlet, Herring's Pippin, Jonagold and coloured sports, Jupiter, King of Tompkins County, Reinette du Canada or Winter Gem. Similarly a slightly smaller size is acceptable in inherently small dessert apples such as Margil, Merton Charm, Pitmaston Pineapple, Sunset and Winston.
Dual purpose apples. When dual purpose apples are shown as cooking apples, they should be over 80mm in diameter
Cooking apples. Judges will give preference to cooking apples over 80mm in diameter.
17. **Russet Cultivars** - Cultivars marked with an asterisk from the list on pages 10 to 11 of the schedules may be shown in Class 31 in the Autumn Competition and in Class 12 in the Late Competition. Any other russet cultivar may also be shown in these classes.
18. **Blueberries** - Blueberries should be shown as single berries.
19. *Reserved*
20. **Pumpkins and Squashes.** Classes 149 & 150 in the Autumn competition and classes 72 & 79 in the Late competition will use the following from the Horticultural Show Handbook to define pumpkins (Halloween type) and winter Squash

Pumpkins. Traditionally these are mature fruits ripening to orange with a hollow seed cavity used for carving into Halloween faces. Principally *Cucurbita pepo* but some large specimens are *C. maxima*, such as 'Mammoth Gourd', 'Mammoth Gold', 'Atlantic Giant', 'Sumo' and 'Prizewinner'.

Squash. Fruits of the genus *Cucurbita*. There are two types: summer squash and winter squash. Summer squash are fruit eaten and shown at the immature stage, and include scallops or pattypan, custard marrows and crooknecks – mostly of species *C. pepo*. (courgettes and marrow could be, but are not, considered in this class.) Winter squash are generally those cultivars whose fruits are eaten at the fully mature stage, and which can be stored for winter use. They are generally of the species *C. maxima* and *C. moschata* but also some *C. pepo*. Cultivars of winter squash include 'Acorn', 'Buttercup', Butternut', 'Crown Prince', Hubbard's 'Kabocho', 'Onion Squash', 'Sweet Dumpling', Turk's Turban' and 'Vegetable Spaghetti'.

Staging

21. **Unattended exhibits** - The Society's officers will, if necessary, unpack and stage small exhibits, at the competitions held at Hyde Hall and at Wisley, when the Shows Department has been notified beforehand of their arrival and of the owner's inability to accompany them. In no case can the Society undertake or be responsible for the repacking or return of anything. Persons sending packages should be very careful to name all cultivars very plainly on small cards, which can lie in the dishes and to place a card inside on the top of the package with their name and address very plainly written or printed. All parcels must arrive not later than the day preceding the competition and the carriage must be prepaid. It is regretted that unattended exhibits cannot be accepted for the Summer Fruit and Vegetable competition at the RHS Flower Show Tatton Park.
22. **Times for staging** - Timetables for staging may be found at the beginning of the schedule for each particular show or competition.
23. **Positioning of exhibits** - The Society's officers will direct the placing of all exhibits.
24. **Plates** - These will be provided by the Society where appropriate and no plates other than those provided may be used. The Society's plates may not be used to raise the level of dishes.
25. **Paper** - Any paper used on plates or for positioning specimens should be white.
26. **Floral Foam** - Floral foam may not be used as a staging material due to concerns about its non-biodegradability and disposal. Alternative biodegradable staging materials include sustainably sourced moss and newspaper.
27. **Flowers and foliage** - Flowers may not be included in any exhibit of fruit or vegetables except cucurbits and herbs. No foliage should be used on the plates for any dish of fruit.
28. **The preparation of produce for exhibition** - All fruit should bear its natural 'bloom'. Strawberries, gooseberries, raspberries, blackberries and hybrid cane-berries should be shown on the stalk. Filberts and cob nuts should be shown without husks. In apples the colour which the fruit develops on the tree will be preferred. All vegetables should be properly prepared for exhibition by washing only. The use of oil or any polishing process is strictly prohibited. The leaves of beet, carrots, parsnips, swede and turnips should be removed leaving not more than approximately 75mm of the leaf-stalk.
29. **The Staging of grapes** - Grapes grown under glass must be shown on stands.

30. **Labelling of exhibits** - Every 'dish' should be correctly and distinctly labelled with the name of the cultivar. Errors in naming will not disqualify, except where the judges consider that a competitor is showing one cultivar under two or more names. When an unnamed seedling is shown it should be labelled 'SEEDLING'. The judges will recognize correctness and distinctness of naming as telling in favour of a competitor in a close competition. Names should be written in block capitals or typewritten. Labels will be provided for this purpose with confirmation of entries. Nothing may appear on the label beyond the mere name, except that in the case of fruits the season of use may be added. Any statement to the effect that the exhibit has been grown from Messrs. So-and-So's seeds is strictly prohibited.
31. **Entry cards** - Cards corresponding to the entries will be obtainable by the competition tabling on the day preceding the competition or on the morning of the competition. Competitors will be responsible for the placing of these cards and must satisfy themselves that the descriptions of the exhibits given on the cards are correct. All cards must be in position 15 minutes before judging commences on the first day of the competition.

Judging

32. **Rules for judging** - The rules for judging contained in the current edition of the Society's publication *The Horticultural Show Handbook* will be used, except on points where, under this Schedule, they obviously do not apply.
33. **Prizes may be withheld** - Any prize may be modified or withheld if the exhibit is considered to be undeserving of the prizes offered.
34. **Decisions** - The decisions of the judges shall be final as to the relative merit of the exhibits but the RHS Council reserves to the referees and to itself the decision on any other points in dispute particularly cases of disputed nomenclature, when specimens may be withdrawn for further inspection.
35. **Protests** - Any protest must be delivered in writing to the Shows Department representative by noon on the first day of the Competition, or prior to the awards ceremony if this is before 12noon.
36. **Alteration of exhibits** - After judging has taken place, no exhibit or part of an exhibit may be altered or removed until the end of the show, except with the permission of the Competitions Manager.
37. **A dish from a disqualified collection is not eligible for a best dish award.**

Administration.

38. **Clearing exhibits** - Exhibitors wishing to collect their exhibits, may remove them during the period specified in each show/competition timetable, but not before, except where so indicated in the schedule. Exhibitors must have provided themselves with sufficient help to ensure the safety of their goods, as Society officers cannot be expected to be in all parts of the area at any one time to provide help.
39. **Liability for loss** - All exhibits, personal property, etc. will be left at the risk of the competitors and the Society will not be liable for compensation for loss or damage by theft, fire, water, accident or any other cause whatsoever. Competitors will be wholly responsible for all claims made by their own employees under the Common law or under any statute for compensation arising out of or in the course of such employment for injury or otherwise. The Society has no responsibility to any but its own employees.
40. **Payment of prize money** - Prize money will be paid as soon as possible and no later than the month following the Competition.

41. **Cups** - A cup or trophy awarded at one of the Society's shows for an amateur's exhibit is awarded to the owner of the garden from which the winning plants, flowers, fruits or vegetables come. Challenge cups will be presented to the winners in an award ceremony at the competition and retained by the Society afterwards. Any cup or trophy may be withheld at the discretion of the RHS Council.
42. **Usual regulations** - The competitions will also be subject to the Society's usual regulations and rules, except on points where, under this schedule, they obviously do not apply (see the current edition of the Horticultural Show Handbook).

ADMISSION

Only *bona fide* competitors and such assistants as may be necessary for the arrangement of their exhibits will be admitted before the Show is opened to the public. Passes will be issued as necessary to allow competitors free access to stage and collect exhibits at shows and to RHS Gardens for the duration of the competition. While judging is in progress, *all* competitors must leave the Marquee or Hall.

RHS Flower Show Tatton Park

Access to the show is by a photo pass, in order to obtain a pass you will be required to preregister online and provide a passport size photograph. Please send in your entry form as early as possible to allow plenty of time to do this. Your pass will be ready to collect onsite and will allow access on the 16, 17 and 21 of July.

RHS Garden Hyde Hall

Members will be admitted free of charge to the venue whilst non-members will have to pay admission to RHS Garden Hyde Hall: £15.30 (including Gift Aid), £13.85 (excluding Gift Aid). Wristbands will be issued on site to allow free access to competitors for the duration of the competition.

RHS Garden Harlow Carr

Members will be admitted free of charge to the venue whilst non-members will have to pay admission to RHS Garden Harlow Carr: £15.30 (including Gift Aid), £13.85 (excluding Gift Aid). Wristbands will be issued on site to allow free access to competitors for the duration of the competition.

RHS FRUIT GROUP

For all who love growing fruit

The RHS Fruit Group is run by RHS members, for RHS members, and provides a place for discussion of fruit with other enthusiasts. Membership offers opportunities to join meetings and attend a wide range of events around the UK including lectures, guided visits and workshops. This group is for any RHS member with an interest in growing fruit, whether in a large garden, small garden or a window box.

Based at RHS Garden Wisley, the RHS Fruit Group, also has regional branches and activities in the Midlands and the South West and is looking to establish a Branch based at RHS Bridgewater

The annual programme includes:

- Informative talks, lectures and webinars from fruit growing experts
- Guided visits to commercial fruit orchards and to private, public and historic gardens
- Opportunities to share ideas with fellow enthusiasts
- Newsletter, full of fruit news and information
- The chance to taste a wide range of fruit varieties, common and rare

Membership is open to all RHS members, on payment of the £7.00 annual subscription.
